## **MSC Instructor New Editor** Of MATE Bulletin for Year

Dale Midland, English instructor at MSC for the past four years, has been selected as editor of the Missouri English Bulletin, a quarterly publication of the Missouri Association of Teachers of English.

Mr. Midland succeeds Dr. Loren V. Grissom, Kirksville, who has edited the publication for the past three years. Prior to the time Dr. Girssom became editor, MATE published only a newsletter rather than a bulletin.

The bulletin is composed of information on teaching techmiques, approaches to literature, and study guides to help high school English teachers. The membership of MATE is approximately 700 and is made up mostly of high school English seo, Kansas City, Mo., will reteachers, according to Mr. Midland.

A teacher of English here since the fall of 1961, Mr. Midland formerly taught in the Eagle Grove High School and the ley was one of a number of Eagle Grove Junior College at Eagle Grove, Ia. He holds BA and MA degrees from the University of Iowa.

His responsibility as editor of the MATE bulletin is in connection with his official capacity as fourth vice president of MATE, to which he was elected at the state meeting held earlier this month.

Another local officer of MATE is Mrs. T. H. Eckert, Mary ville, an English instructor at Maryville High School who will be joining the college staff this fall. Mrs. Eckert is serving as the second vice president of MATE and will be in charge of the program for the 1966 convention.

Mr. Midland is married and has two sons. The family resides in Maryville.

# Mail DROP-OUTS

The 90,000 inventions made annually, with all of the other new ideas introduced every year, mean that our whole American culture is undergoing rapid changes. Inventions also mean that new knowledge and skills must be learned by the millions of people who hold jobs. This situation calls for many more persons with an advanced education. Those who disregard these major facts get left behind, and probably eventually crowded off the payroll by automation or better pre-pared applicants. Yet tens of thousands of youth quit school every year for various reasons. Some leave because of financial problems, some have family needs, some dislike 'book learning,' or wish to marry. and for dozens of other explanations. A few, perhaps many of them, think they will be better off now with 'money in hand.' Suppose we take a look at the national facts as of 1961:

- 1. The national average of those who quit grade school is . . . . \$3,500.00
- The average salary for those who finished grade school is . . . \$4,850.00
- 3. Some went on to finish high school, with salaries of . . \$6,100.00
- Others stayed on the job and finished college, salaries . . . \$9,500.00

A person who quits to go to work for no greater reason than to have an independent income "right now" may soon find himself stalled, no salary increases, no promotions offer-ed, and with a feeling of dissatisfaction with his own attainments as life goes along. Good-will, willingness to work hard, even personal or family needs are not enough to land a job that has a ladder for advancement. And it does no harm for us to remember that there are over half a million young men under 20 who are looking for jobs. The Drop-out literally does get dropped out Chester Alexander

A. livestock judging team and Coach Glen Wade, winners in their respective divisions in the Ag Club Livestock Judging Contest, fa-thers of Ag Club members, school administrators, and local Chamber of Commerce of-

# Greek Week

Tri Sigs Founders Day

Sigma Sigma Sorority celebrated its Founders Day on April 20. Throughout the day, the collegiates and pledges wore their purple and white ribbons under their pins. That evening the members and their parents attended a banquet in the Blue Room of the Student

After the meal, toastmistress Jane Shaver initiated the first toast of the evening. Marcy Severson, Pat Lyon, and Virginia Bright gave toasts to the "Tri Sigma of Now." Toasts to the "Tri Sigma of Always" were given by Mrs. Robert Severson, Ann Shamberger, Jan Gray, and Susan Miller. Gayle Bradfield, Kay Graves, Diane Pascal, and Jane Stoner entertained by singing the "Founders Day Song" and "Tri Sigma Now and Always.

Members of the Alpha Epsilon chapter each gave sixtyseven cents in honor of their 67th year as a national social sorority.

### 'Cats Gain .500 Mark In Baseball

Coach Burton Richey's Northwest State College baseball squad climbed back to the .500 mark Saturday afternoon at the expense of hapless Tarkio as the Bearcats battered the Owls, 3-1, and 16-1, for their second doubleheader sweep of the week.

Dr. Burton Richey Baseball Coach

The wins boosted Maryville to a 6-6 mark. The second half of Saturday's contest was called because of the 10-run rule which halts a contest if one team holds a 10-run lead after four innings of play.

Benny Cain started and went the distance in the first game, giving up only one hit, three walks and striking out 11. Maryville scored its runs late in the game, after trailing, 0-1, going into the fifth inning. Dick Holcomb singled, stole second, went to third on a passed ball and scored on a sacrifice fly to give MSC a tie, and then Lonnie Irvin put the 'Cats out front with a solo homer in the sixth. Jay Cain drew a walk. stole second and scored on a double by Gary Shaw to provide Maryville's third run.

In the second, run-away contest, Maryville started off hot and heavy in the first inning as Jerry Albin homered with one on. Leo Blakely put one over the fence with two on in the second to keep MSC's hitting spree going, and Roger Tesi poled a triple with two on and scored on an error to give Maryville a commanding lead.

In that game, Tesi allowed just one hit, gave up two walks and fanned five men. In the four innings before the game was called, Maryville collected nine hits and drew 12 walks off Tarkio hurlers.

The Green and White batting has improved every game, and the team average now is .241. Albin is the leading hitter with a 333 average, Blakely follows with a .320 and Irvin is third with a 303.

My doctor told his neighborhood pharmacist about one of his patients who suffered from loss of memory.

"What did you do?" asked the druggist.
"Made him pay in ad-

vance," was the reply.
